

Diamond Saw

Diamond Saw

Tool Type: Cutting tool
Location: Microfluidics Lab
Description: Trim Saw 2 with diamond blade for glass slides
Manufacturer: Allied

About

The Trimsaw 2 is a saw designed for rapid sectioning of printed circuit boards, ceramic substrates and other abrasive non metals. Contains a built in reservoir which can be used to feed lubrication directly to the blade.

Safety Concerns

- Keep hands clear of blade when machine is on
- Use only approved blades and do not cut metals with sectioning blades
- Use coolant or lubrication when making cuts
- Use fixtures and guides whenever possible to reduce risk of slipping into the blade

Training Documentation
