

Precision Matthews Lathe

Lathe	
	
Tool Type:	Cutting tool
Location:	Innovation Workshop
Description:	Manual lathe
Manufacturer:	Precision Matthews

About

This tool is a small lathe capable of manually machining small parts out of metals, woods, and plastic. Standard operations include facing, turning, drilling, or cutting for workpieces with axial symmetry.

Safety Concerns

- This machine is designed for operation by experienced users familiar with metal-working hazards.
 - Wear safety glasses or face protection when operating this tool.
 - Closed-toed shoes and long pants must be worn during use; tie long hair back.
 - Ensure that both the tool and the workpiece are adequately secured before commencing operation.
-
