

Precision Matthews Lathe

Lathe

Tool Type: Cutting tool
Location: Innovation Workshop
Description: Manual lathe
Manufacturer: Precision Matthews

About

This tool is a small lathe capable of manually machining small parts out of metals, woods, and plastic. Standard operations include facing, turning, drilling, or cutting for workpieces with axial symmetry.

Safety Concerns

- This machine is designed for operation by experienced users familiar with metal-working hazards.
- Wear safety glasses or face protection when operating this tool.
- Closed-toed shoes and long pants must be worn during use; tie long hair back.
- Ensure that both the tool and the workpiece are adequately secured before commencing operation.
