

The Innovation Workshop supports Capstone project teams, and TMP and Bren EcoE teams.

In some cases when team members will make frequent use of the workshop it makes sense to train the team to use the lab. This requires completion of the new user orientation, and training on the tools that the team will be using. Sign up for training using this form:

<https://forms.gle/R4Qr4KujuWeeTjs58>

Often teams simply need to have parts 3D printed or laser cut from their designs. Users can submit their jogs using this form: [<https://forms.gle/LzFdNViCpFsTQWDFAJ>]
