Phantom VR211 High Speed Camera (non-functional)

Phantom High Speed Camera

Tool Type: Imaging
Location: Microfluidics Lab
Description: High Speed Camera
Manufacturer: Research Vision

About

This camera, which is no longer supported by the manufacturer, is out of commission due to a failed ethernet circuit. The camera can no longer communicate with a computer, which has made it inoperable. Please contact the workshop manager if you have any suggestions for a replacement high framerate camera.
