

# CNSI Microfluidics Lab & Innovation Workshop COVID-19 Scheduling Information

## Recent announcements

- CNSI Microfluidics Lab & Innovation Workshop COVID-19 Scheduling Information

## Overview:

Work in Elings Hall under the Campus' COVID Phase 3 guidelines will be much different than they were before the shutdown. Research will ramp-up slowly so that we can be certain that the work environment is as safe as possible. Some of the most significant changes:

- Occupancy within Elings Hall will be limited. Safe distancing, disinfection, health screening and PPE requirements are described in the SOPs.
- Occupancy in Microfluidics and the Innovation Workshop will be limited to one person at a time in each lab. If there are no problems we may increase this to two people at a time, safely separated.
- Researchers need to schedule their lab time in advance: in general schedule requests will be due on Tuesday night for the week beginning the following Monday. Schedule changes will be made using FBS
- There will be no regularly scheduled training classes - special circumstances will be addressed individually.

## Scheduling Information for Current Users:

The uFL and IW are be open from 9am - midnight. Users who have completed the CNSI and IW/uFL attestations may schedule work time in the labs using FBS.

- To add/modify/cancel or check reservations log into [FBS](#)
- If you are new to FBS please

read this tutorial

. Contact Dave Bothman if you have problems with FBS.

## Instructions for COVID-19 access to Elings Hall and the Innovation Workshop and Microfluidics Lab

- Read the [Elings Hall Covid stage-3](#) CNSI Reopening SOP]]
- Read the relevant

COVID phase 4 Microfluidics

/

COVID phase 4 Innovations Lab

reopening SOP

- Read the [Office of Research \(EH&S\) COVID Safety Presentation](#)
- Sign the [attestation](#) that you have read the above documents and agree to follow the rules.

Sign the attestation digitally and email it to [cnsi-schedule@ucsb.edu](mailto:cnsi-schedule@ucsb.edu).

- **Card key access:** If you had Elings Hall and Microfluidics Lab/Innovation Workshop access before COVID, or if you are a new user you need to apply for access to the exterior doors and the relevant labs (Innovation Workshop - 2448 Elings, Microfluidics Lab, 3430 Elings at [the CNSI access request site](#).
- Complete the online health screening on the days that you will be working on campus..
